WOODSMAN FATALY WOUNDED.

Shot by a Storekeeper During a Quarrel at Superior, Wis.

Duluth, April 3.—Frank Ryan, a woodsmen, is lying at St. Mary's hospital in Superior with a mortal wound inflicted by Tony Costello, a tobaccoist and confectioner. Ryan went into Costello's place to make a purchase during the evening and in some manner broke the showcase. In a quarrel which ensued over payment for the damage, Costello rushed to the rear of the store for a revolver. Ryan fled out the front door, followed by Costello, who shot him in the back and the wounded man dropped to the pavement. At a late hour at night Costello had not been captured. It is believed that Ryan cannot survive until morning.

MAKE NO CONCESSION

NEITHER OPERATORS NOR MINERS SHOW A DISPOSITION TO YIELD A POINT.

FIND WAY OUT OF DIFFICULTY

RUMORED THAT SOME METHOD OF ADJUSTING DIFFERENCES WILL BE FOUND.

New York, April 4.—The subcommittee representing the anthracite operators and the mine workers of Eastern Pennsylvania held their first joint meeting here during the day and after nearly a three hours' session adjourned until Thursday afternoon without coming to an agreement. Each interest has refused to make the slightest concession, and the whole question apparently is as far from solution as ever. In the meantime the tie-up of the anthracite industry will continue. Notwithstanding the fruitless session and the apparently hopeless deadlock, rumors are still current that a way will be found that will enable the operators and miners to settle their differences.

After the conference the following statement was given out by the operators:

"The conference began at noon with President Thomas of the Lehigh Valley road in the chair. Mr. Mitchell made a long speech detailing why, in his judgment, the original demands of the miners ought to be granted. He was followed by Mr. Nicholls, also of the Miners' union, who supported Mr. Mitchell's arguments. There were other speeches by the representatives of the miners. In fact it was that side did nearly all of the talking.

"There was no disposition on either side to recede from its original position or to accept any modification of the original demands.

"Mr. Mitchell's attitude indicated that the counter proposition made by the operators for a renewal of the present working agreement, drafted by the anthracite strike commission, was not acceptable to the miners.

"On motion of Mr. Mitchell, the conference adjourned until Thursday.

"The entire situation remains the same as before the meeting. The suspension of work in the anthracite mines will continue pending the negotiations."

Each member of the operators' committee was sought for an interview giving further details of the meeting, but none of them would respond, and the members of the miners' committee, including President Mitchell, resolutely refused to talk. The miners' president also refused to express an opinion as to whether the situation was hopeful or discouraging from his viewpoint.

NO DISAPPOINTMENT SHOWN.

Miners Did Not Expect Definite Results at Conference.

Philadelphia, April 4.—Information concerning the conference in New York between the operators and the miners was eagerly sought during the day by the idle workmen in the hard coal region. Definite results were not expected and there was no disappointment when it was learned the conference had adjourned until Thursday.

The situation is practically unchanged. In Shamokin the Enterprise colliery, owned by W. L. Connell & Co., was operated short handed by non-union men. In Scranton, the Oxford colliery, a small nonunion operation; and twenty washeries were worked. Aside from these plants there were no attempts to operate.

Reports from Scranton are to the effect that the Delaware and Hudson and the Erie companies are making preparations to resume as soon as possible. A number of men have been engaged, ostensibly for guard duty. In this city the Delaware and Hudson company has opened two offices for the purpose of employing guards and laborers.

The railroad companies have laid off a number of coal crews and telegraph operators in various sections, but those suspended, it is said, have been requested not to leave the region, indicating that an early resumption is anticipated. The Reading company has stored at Reading about 122,000 tons of bituminous coal, and at Landisville, Abams and other places about 1,750,000 tons of anthracite.

RUPTURE NARROWLY AVERTED.

Iowa Miners and Operators Dispute Over Wages of Men at Work.

Des Moines, Ia., April 4.—A rupture in the joint conference of the United Mine Workers and the operators of the Iowa division was narrowly averted here during the day in a clash over the pay of the men on service at the

mines during the shutdown. The miners insisted that the emergency men should be taken out at once if the operators would not consent to pay the 1903 scale. The operators refused. In the heat of discussion, President White of the mine workers announced that the emergency men should remain in the mines during the negotiations with the understanding that they should receive the scale to be fixed by the joint committee which meets during the day. This was finally agreed to.

GROWING MORE PACIFIC.

Situation in Western Pennsylvania is Improving.

Pittsburg, Pa., April 4.—With the exception of one or two points outside of the Pittsburg district, the situation between operators and miners in the soft coal fields of Western Pennsylvania is hourly growing more pacific. The mines of the operators who signed the scale resumed operations during the day, although in many instances with reduced forces.

In the Pittsburg district 18,000 miners were working and 12,000 were idle. Nearly all of the mines of the Pittsburg Coal company were in operation and it was expected that other men who are out will return within a day or so. It was explained that following the holidays it was generally several days before all the men returned to their labor. The cause of idleness of the men was also explained to be due to the fact that the circular letter announcing what operators had signed the scale has only just been sent out.

The independent operators who met Monday night and decided not to sign held another meeting during the evening. These operators employ between 12,000 and 14,000 men, all of whom are idle.

There were representatives of twenty operators present, representing an annual output of 20,000,000 tons. The position taken at the previous meeting was reaffirmed and no action was taken toward the acceptance of the 1903 scale.

It is announced that the independents would not work their mines non-union, which means an entire suspension of operation. The entire non-union field of the Allegheny valley will continue work without interruption.

From other districts it is announced that few mines are operating with full forces, the same conditions prevailing as in the Pittsburg district. At Irwin the nearest to an actual strike prevails. There the men are being urged to stand fast and are told that the operators will eventually concede the demands.

In the Johnstown district work is at a standstill. No trouble has occurred at the Berwind White works, where armed guards are on duty. It is reported that the company is bringing in nonunion men and evicting union miners from company houses.

NEGOTIATIONS IN PROGRESS.

Miners of the Southwest May Soon Return to Work.

Kansas City, Mo., April 4.—Negotiations are in progress in the various mining districts of the Southwest that are expected to result in resumption of work by most of the men within a few days. The officers of the mine workers have received overtures from operators, it is said. There is to be a meeting of the operators at South McAlester during the day.

In the Kansas field a number of operators are ready to sign the scale as soon as it is ready. A district convention to be held in Pittsburg, Kan., next Monday, will arrange details of the contract.

Will Sign in Ohio.

Columbus, O., April 4.—The executive board of the Ohio mine workers' organization has decided to permit the miners to sign contracts with any operators who are willing to pay the 1903 scale. The eighteen sub-district organizations will prepare such agreements and hold meetings to present them to the operators.

Will Resume Operations.

Terra Haute, Ind., April 4.—It was announced at the district headquarters of the United Mine Workers during the day that eighteen coal companies have agreed to sign the 1903 scale and resume operations at once. It is the belief of the miners that the operators of the larger mines will hold out.

Minnesota Bar Association.

Minneapolis, April 4.—The annual meeting of the Minnesota State bar association was held here during the day. The attendance was large. Officers were elected as follows: President, Rome C. Brown, Minneapolis; Vice president, J. L. Washburn, Duluth; secretary, Charles W. Farnham, St. Paul; treasurer, W. H. Yardley, St. Paul.

Wilson Mizner Robbed.

New York, April 4.—Wilson Mizner, who recently married Mrs. Charles T. Yerkes, reported to the police at night that his apartments in the Hotel Seymour in West Forty-fifth street had been broken into during his temporary absence during the day and jewelry valued at \$7,500 stolen.

DEPOSED LEADER PREPARING TO AT ONCE RETURN FROM MEXICO TO ZION CITY.

Proton, Mex., April 4.—The following statement was made by John Alexander Dowie for the Associated Press: John Alexander Dowie, first apostle of the Christian Catholic Apostolic Church in Zion, has treated with contempt the powerless allegations of his opposition by six of his overseers, headed by Voliva.

Dowie admits having taken the following action during the day:

First—He has officially dismissed Overseers Voliva, Piper, Exell, Brasfield, Cantel and Speicher.

Second—He has cancelled Voliva's power of attorney.

Third—He has dismissed Granger from the office of general financial manager.

Fourth—He has appointed Deacon Fielding Wilhite as Granger's successor and has given him power of attorney.

Fifth—He has taken the necessary legal steps to protect his estate and the vast interests of Zion.

Sixth—Deacon James F. Peters, general manager of Zion railroad affairs, is arranging transportation for the immediate return of the first apostle and party to Zion City.

He will probably give further information soon and meanwhile asks

RADICALS ARE VICTORIOUS.

Carry Everything Before Them in Russian Election.

St. Petersburg, April 4.—The official canvass of the votes cast at the election on Monday, owing to the unexpectedly heavy vote and the inexperience of the officials, had not been completed at midnight, but it is conceded that the radical tide has swept to victory every one of the 160 constitutional electors. The Constitutional Democrats naturally are jubilant, as the sweeping triumph which they have won at the capital, the headquarters of the bureaucracy, is bound to have a strong effect on the country at large. They are now looking forward to a working majority in the national parliament. They already have nominated a candidate for the presidency of the lower house in the person of M. Petrunkovich of Tver, who is regarded as one of the most able and vigorous advocates of a constitutional government.

The Russkoe Gosudarstvo, Premier Witte's newspaper organ, admits the victory of the Constitutional Democrats and attributes it to the vacillation of the conservative faction and the interference of its organs. The paper also declares that Count Witte will hold to the premiership until the convocation of parliament and that his resignation then will depend on the attitude of Emperor Nicholas.

There is an intimation that no matter what may be the political complexion of the parliament, nobody who does not possess the fullest confidence of his majesty will be selected as premier.

SUIT BROUGHT TO RECOVER

Judge Holland Brings Suit to Recover Money Advanced to Develop Mine

MINING VENTURE IS INVOLVED

Draft Reached There After the Death of Mr. Hussey and Was Deposited Here

Geo. W. Holland has brought suit, through his attorney, A. D. Polk, to recover the sum of \$350, advanced to continue the exploration of the so-called Hussey mine. The defendants in the case are the First National bank, of Brainerd, Adolph Ousdahl, Wilmer Holmes, Henry Poppenberg, Henry I. Cohen, Mrs. Hussey and the heirs at law of T. H. B. Hussey.

The complaint, which is on file, states that the money was advanced on the strength of the known honesty and ability of Mr. Hussey, that the money was paid in a personal check to one of the defendants who sent it in the form of a draft to Mr. Hussey. Prior to its arrival at the mine Mr. Hussey died and the draft was returned to the defendants Ousdahl, Holmes, Poppenberg and Cohen and by one of them deposited in the First National bank, to the account of the Brainerd Mining, Milling and Smelting company. Mr. Holland seeks to recover for the reason that the money was advanced entirely because of his confidence in Mr. Hussey and that it should have been returned to him on Mr. Hussey's death.

The bank is in interest only as custodian of the funds and will, it is said, ask an order of the court as to the disposition of the money.

Kidney Troubles Attack Brainerd, Men and Women, Old and Young

Alike.

Kidney ills seize young and old alike. Quickly come and little warning give. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Robust men have lame and aching backs.

Old folks, weak, rheumatic, lame. Endure distressing urinary ills. The cure for man, for woman, or for child.

Is to cure the cause—the kidneys. Doan's Kidney Pills cures sick kidneys.

Cure all the varied forms of kidney suffering. Brainerd testimony guarantees every box.

Oscar Opgaard, employed in the N. P. shops, and living at 611 Tenth St., S., Brainerd, Minn., says: "I speak from experience when I say that Doan's Kidney Pills are most effective in regulating the kidneys. Being in need of such a remedy I went to H. P. Dunn & Co's drug store and got a box of Doan's Kidney Pills. From the prompt results received through their use I am thoroughly convinced that Doan's Kidney Pills are all that they are claimed to be."

PLAYGROUND ON BIG LINER.

New Feature of Canadian Pacific's New Ship Empress of Ireland.

A playground for children is a feature of the Canadian Pacific Railway company's magnificent steamship Empress of Ireland, which recently was launched at Govan, in Scotland, by Mrs. Gracie, wife of the managing director of the Fairfield company, says a London cable dispatch to the Philadelphia Public Ledger.

The Empress of Ireland is in all essential details a sister ship of the Empress of Britain, launched by the same company last November. She is of 14,500 tons burden, is 550 feet long and has a speed of twenty knots.

The playground is for the amusement of children in the third class only. A wide space on deck is set apart entirely for the youngsters. Trees are planted in pots, and there are heaps of sand, spades and buckets, so that the youngsters can "pretend they are at the seaside" as well as being on the sea.

On this Liverpool and Canada service no southern Europeans, Russians or Asiatics are carried in the third class. In fact, the only nationalities which the company will carry are British and Scandinavians.

When Wellman Finds the Pole.

John Walton, editor of the Munson (Ja.) Democrat, sends the following to the Chicago Record-Herald apropos of the Walter Wellman attempt to find the pole:

Russell Sage will be a spendthrift, and Mrs. Hetty Green

Will squander all her money in living like a queen;

We will have perpetual motion and a bridge across the sea,

The negroes will be white folks, and old Ireland will be free;

John D. will be a pauper, every printer have a "roll;"

We shall see white blackbirds flying When Wellman finds the pole.

Mr. Cummins will be senator, and Leslie Morton Shaw

Will be our honored president, and Teddy's son-in-law

Will be the king of Sulu. Nobody then will hear

A kick against the railroads or the foam upon the beer;

And life insurance rafters will pay back what they stole

And transact business on the square When Wellman finds the pole.

POLICE COURT BUSY

One Drunk, One Assault and Two Up For Cruelty to Animals--All Get Fines

This was a busy day in police court. There were no less than four up before the bar. One paid \$10 for drunk. Harry Williams, a railroad man, paid \$5.00 for hitting a traveling man whom he thought had insulted his girl by remarks made when coming out of the opera house after the show last night. The traveling man and his companion claim they were talking about the girls in the show. Williams went to the hotel afterwards and apologized to the man he struck. There is probability, however, that there was some provocation, as the traveling men were, according to their own story, making remarks not in accordance with good taste in the presence of women, no matter where used. W. Trump and Wm. Restrom were fined \$10 each for cruelty to animals on complaint of John Tift. They were committed in default of payment.

Eugene V. Debs Lecture

John Swinton, the great New York editor who heard Lincoln in Cooper Union, New York, in 1860, wrote as follows after hearing Debs from the same platform in 1894: "I recalled the appearance, the manner, the voice and the speech of Lincoln as Debs stood before me thirty-four years afterwards. It seemed to me that both men were imbued with the same spirit. Both seemed to me as men of judgment, reason, earnestness and power. Both seemed to me as men of free, high, genuine and generous manhood. I took to Lincoln in my early life as I took to Debs a third of a century later. In the speeches of both westerners there was cogent argument; there were apt illustrations; there were especially emphatic passages; there were moments of lightning; there were touches of humor; and there were other qualities which produce conviction or impel to action." *** "I confess that I was as much impressed with the closing words of Debs' speech as I was with those of Lincoln. Lincoln spoke for right and progress; so spoke Debs. Lincoln spoke for the freedom of labor; so Debs. Lincoln was the foe of human slavery; so is Debs." At the opera house May 2.

Seat For a "Tiger" on This Auto.

Newest of the oddities in automobiles is a "dickie," with the driver sitting behind, after the manner of the old fashioned "tiger" in a mail phaeton, says the New York Press. There is at least one car in New York having such an arrangement, for it appeared on Broadway recently. The car was painted white, with stripes of gold around the outlines of the body, which was of the style known as "runabout." The occupants of the one seat were a young man in a big fur coat and a strikingly pretty girl, whose veil was tied back carefully so that the prettiness would not be clouded from sight. The chauffeur sat on a little seat behind, directly over the tank, but he did not have his arms folded, as the "tiger" always does when in his best form.

Man Wanted for \$7,000 Embezzlement at Converse, Ohio, Arrested Last Night

IN PINE RIVER ALL WINTER

Man Worked for E. J. Donahue Some Time—Was Located By Detectives

The officers at Motley and Staples made a good catch last night when they landed Chas. J. McClenhand, alias John Lee. Lee, or McClenhand, as it is said to be his right name, was wanted for embezzlement of \$7,000 from the Union Central Life Insurance company, of Cincinnati, Ohio, and officers had been on his trail for many months. The officers finally located him through circulars sent out at Pine River. A detective passed through Brainerd Monday getting off the train at Jenkins and driving to Pine River. The warrant, the detective states, was given to the marshal at Pine River and by him sent to Sheriff Riddel. In the mean time the man Lee had got next and in company with a local livery man left by team. All surrounding points were notified by telephone and the man was sighted by the officer at Motley, who followed him to Staples and arrested him in bed last night. The officers from Ohio came down on the M. & I. today noon and went to Staples. It is stated that Lee made no bones of his crime and had been given a tip that the man was a detective. Lee is said to have walked up to the detective shoved a gun in his face and asked him if he wanted him. The detective answered he did not, that he had no warrant for him. The warrant was sent to the marshal of Pine River, who, it is said, kept it for a week and was afraid to serve it and returned it to the sheriff last week.

McClenhand was at Pine River all winter and worked in the store for E. J. Donahue off and on, making no charge and saying that he wanted to keep busy. It is reported that there are 32 indictments out against him.

SEARCH FOR BODY

Reward Offered for the Recovery of The Body of Rev. Edmands at Wahpeton, N. D.

The following from Wahpeton, N. D. concerning the search for the body of Rev. T. M. Edmands, formerly pastor of the First Congregational church at this place appears in the Pioneer Press:

"In anticipation of an early breakup of the ice in the Red River, the search for the body of Rev. T. M. Edmands, who disappeared from here on the evening of Dec. 21 last, and who, it is believed, was drowned through an airhole in the ice, is about to begin. Circulars signed by half a dozen business men of Wahpeton have been distributed throughout the towns along the river north of here, offering a reward of \$100 for the recovery of the body.

"The last seen of the reverend gentleman was late in the afternoon or early evening of Dec. 21, when he was seen by boys who were fishing through the ice. His hat and coat later were found on the ice near an opening, and it is supposed that he was drowned. Diligent search was made at the time, but without result. It was reported by a man in Winnipeg that Rev. Edmands had been seen on the streets of that city some months after his disappearance, but a careful investigation of this supposed clue showed that the report was erroneous.

"The dead man had considerable life insurance, and the payment of this has been held up pending the recovery of his body. Mrs. Edmands is at present residing with a brother in Vermont, but expects to return to Wahpeton this spring and renew the search for her husband's body."

NATIONAL QUARANTINE BILL.

House Passes the Measure by a Large Majority.

Washington, April 4.—By a vote of 262 to 26 the house during the day passed the national quarantine bill. The bill places the control of all quarantine stations, grounds, and anchorages under the secretary of the treasury and directs that he shall establish them at such points on or near the seacoast of the United States as in his judgment are best suited to prevent the introduction of yellow fever into this country. The bill further gives the secretary the right to establish a quarantine station at the Dry Tortugas islands and at such other points at or near seacoasts (not to exceed four in the aggregate) as he deems necessary.

The bill also provides that every common carrier engaged in interstate commerce shall receive and carry through any state or territory, passengers, freight and baggage which may have been discharged and properly certified in accordance with the regulations of the public health and marine hospital service, and every person interfering with such carrier or any passenger or any instrumentality of commerce in any such carriage shall be guilty of a misdemeanor and on conviction be punished by a fine of not exceeding \$200 or be imprisoned for a period not exceeding one year, or both.

It provides that this section shall not be construed as giving authority to any person to unload freight in any locality contrary to the lawful regulations.

Out of the above provision grew a whole day's debate, the opposition to the measure coming from divided delegations in the Southern states.

The bill carries an appropriation of \$500,000.

TALKS ON THE RATE BILL.

Senator Long of Kansas Supports the House Measure.

Washington, April 4.—Mr. Long of Kansas spoke in the senate during the day in support of the house railroad rate bill and his speech was taken advantage of by a number of senators to make inquiry concerning the recent conference at the White House, in which the Long amendment was considered, if not originated. The controversy was participated in by Messrs. Foraker, Allison, Aldrich, Bailey and Bacon. Mr. Long assumed complete responsibility for the amendment but both he and Mr. Allison declined to divulge the proceedings of the conference.

Iowa Tuberculosis Hospital.

Des Moines, Ia., April 4.—The state legislature during the day made an appropriation of \$50,000 to begin the erection of a state tuberculosis hospital and the prosecution of a general educational campaign for checking the disease in Iowa.

AN UNEXPECTED MOVE.

Russian Government's Proposal as to The Hague Conference.

Washington, April 4.—Unexpectedly the Russian government during the day made another movement toward the reconvening of The Hague conference when Baron Rosen, the Russian ambassador, presented to Secretary Root a proposal for the reconvening of the conference at The Hague early in the coming summer and indicated that the Netherlands government had assented to the proposal. It had been supposed that, owing to the complexity of the problems involved in the arrangement of even a tentative programme for the conference and the delays caused by the necessity of persuading the Swiss government to make the time and programme for the approaching Red Cross convention conform as far as possible to The Hague project, it would scarcely be possible for the conference to assemble earlier than a late date next fall. There were reasonable objections, however, to such a date and it was intimated that it might be necessary to defer the convention until next year. The matter had been left in large part to the governments of Russia and the Netherlands to adjust.

The fact that they have agreed makes it probable that the other signatory powers to the original Hague convention which have accepted the invitation to attend the next conference will agree to the proposed date, although the short period of time available will make it necessary for some of the powers to do some rapid diplomatic work in order to arrange programmes according to their own desires.

WILL BE HELD AT DULUTH.

Minnesota Republicans to Hold Convention on June 13.

St. Paul, April 4.—The Republican state convention will be held at Duluth this year, and Wednesday, June 13, is the date selected by the state central committee at its meeting during the morning. The average vote on the state ticket will be taken as the basis for representation in the convention. The endorsement of a candidate for United States senator will be included in the call for the convention. The county conventions will be held on June 6, just a week before the convention and the committee recommended that caucuses be held on Saturday, June 2.

All this was decided at a short session ending before noon, and with the exception of the place of the convention it was decided practically without debate or division.

VICTORY FOR DUNNE

POLICY OF CHICAGO'S MAYOR IS SUPPORTED BY VOTERS OF THE WINDY CITY.

ROSE BEATEN AT MILWAUKEE

REPUBLICAN CANDIDATE FOR MAYOR DEFEATS THE PRESIDENT INCUMBENT.

Chicago, April 4.—Under the result of the city election held during the day, in which the question of municipal ownership of the street railways was the vital issue, the city of Chicago can proceed to acquire and control the railways, but cannot operate them. At the same time the voters, while declaring that the city shall not proceed to operate the railroads, declared that as a question of public policy it would be desirable for the city to do so.

Three propositions were submitted to the voters, the first of which was: "Shall the city of Chicago proceed to operate street railways?" This required 60 per cent of the total vote cast in order to become effective. The total vote cast on the question of municipal ownership was 231,171. Of this number 120,911 were cast in favor of municipal operation of the street railways, and 110,260 against it. In order to become binding the proposition to operate the railways should have received 138,703 votes. It therefore fell short by 17,792 votes.

May Issue Certificates.

The second proposition involved the approval of an ordinance providing for the issue of street railway certificates in amount not to exceed \$75,000,000 for the purchase, ownership and maintenance of the street railways. This was carried by a vote of 110,008 against 106,669. The third question, which was simply on the question of public policy and has no legal effect whatever, was:

"Shall the city council proceed without delay to secure the municipal ownership and operation of the street railways under the Mueller law, instead of granting franchises to private companies?"

This proposition was carried by a vote of 111,862 to 108,025.

Mayor Dunne construed the passage of the \$75,000,000 certificate and public policy proposition as a victory for municipal ownership, but expressed his disappointment over the defeat of the proposition for municipal operation.

He said: "I regret very much that we did not get the necessary majority to enable us to legally operate the street railway lines. But this will not prevent us from again going before the people after we have the street railway lines and asking for the necessary authority to operate. The people will vote for operation with a big majority at the proper time."

Party Lines Ignored.

The election was one of the most interesting to Chicago voters that has been held in many years. Party lines were largely ignored and the eligibility of candidates depended more upon their attitude toward municipal operation of street cars, and high license for saloons than upon their party records.

Of the thirty-five aldermen who were elected during the day Mayor Dunne claims that nineteen are avowed champions of municipal ownership and that he will have less difficulty in passing measures relating to that doctrine through the city council than heretofore.

The faction opposed to municipal ownership declares that it still holds control of the council. Besides municipal ownership high license was an issue in many of the aldermanic contests. March 5 the city council passed an ordinance raising the amount from \$500 to \$1,000.

The liquor interests made a strong fight against every alderman who had voted for the high license measure. Of the fifteen men against whom they put their influence twelve were elected and three defeated. All the nine aldermen up for re-election who voted for the continuance of the \$500 license were elected. There is little danger, however, that the high license will be repealed.

BECKER DEFEATS ROSE.

Republican Candidate Elected Mayor of Milwaukee.

Milwaukee, April 4.—Sherburn M. Becker, the young Republican candidate for mayor of Milwaukee, during the day was elected over David S. Rose, Dem., who has for the past eight years been the city's executive head. Unofficial figures give Becker's plurality 1,555. The indications are that Becker also carried with him the balance of the Republican city ticket, with the exception of Alexander E. Martin for city treasurer, who was defeated by W. H. Graebner, Dem.

John T. Kelly was elected city attorney, Paul Bechtner comptroller. Becker ran on a platform calling for a greater and better Milwaukee, a municipal electric light plant, and more railroads. Becker made the most vigorous campaign of any candidate who ever before sought election. He advertised extensively in the daily papers and made noonday and night

speeches every day except Sundays since the primaries. The complete unofficial vote is as follows:

Becker, Rep., 22,565; Rose, Dem., 21,010; Arnold, Social Democrat, 16,720; Becker's plurality, 1,555.

The common council will have nineteen Republicans, a gain of five; sixteen Democrats, a loss of seven, and eleven Social Democrats, a gain of two.

Timlin Elected Associate Justice.

Returns from all parts of the state, though necessarily incomplete, show that William H. Timlin of Milwaukee has undoubtedly been elected associate justice of the supreme court over Allen K. Bushnell of Lancaster, Harry H. Grace of Superior, and James O'Neill of Neillsville, all non-partisan.

Judge George C. Grimm of Jefferson was elected to succeed Judge B. F. Dinwiddle of the Twelfth judicial district.

The Dunn pocket ballot law apparently has been defeated, not one precinct from the state as yet showing a majority for the law.

There were several lively contests in the state municipal elections.

Gorman, the Democratic mayor of Kenosha, was re-elected by a big majority, though the Republicans gained in all wards.

At Madison the independent Democrat, Joseph C. Schubert, defeated the anti-saloon candidate of the Republicans, Leslie B. Rowley, by 1,050.

Republicans carried Viroqua, Stoughton, Whitewater, Waukesha, Tomah, Ripon, Portage, Marinette, Menomonie and Baraboo.

Democrats were victorious in Kenosha, Elroy, Columbus, Madison, Dodgeville, Fond du Lac, Beaver Dam, Neenah, Appleton and Eau Claire.

Citizens' tickets were elected at Marshfield, Sturgeon Bay, Kewaskum, Algoma, Beloit, Oconto, Green Bay and Grand Rapids.

ELECTIONS IN NEBRASKA.

Local Issues Involved and Results Are Very Much Mixed.

Omaha, April 4.—Elections were held in all the cities and towns of Nebraska during the day except Omaha and Lincoln, which operate under special charters. In this city primary elections to choose tickets to be voted for next month were held by the Republican, Democratic and Socialist parties. The only straight partisan contest in the state was in South Omaha, where Thomas Hector, for mayor, and the whole Democratic ticket was elected. The present city administration is Republican.

Local issues only were involved in most of the towns, the license question being most common. The results are very much mixed.

E. A. Benson has won the Republican nomination for mayor of Omaha by large pluralities over his three opponents. The Democratic nominee is J. C. Dahlman and the Socialist candidate is C. F. F. Michelsen.

License Question.

St. Paul, April 4.—The license question was the main issue at the municipal elections held in several Minnesota cities during the day. St. Peter and Harris went dry, while Kasota, Blue Earth, Fergus Falls and Madison voted to license saloons.

Mayor Rose Resigns.

Kansas City, April 4.—Elections for minor officials were held during the day in numerous cities and towns in Kansas. Except in Kansas City, Kan., where Mayor Rose's policy of licensing joints was repudiated and he resigned, the results were of local interest.

CRAZE FOR BALLOONING.

Several New Yorkers Ordering Airships—May Race With Autos Next.

New York is getting the balloon craze. A number of rich men and women, especially those of the Four Hundred who are identified with automobiles, are ordering large airships from abroad capable of carrying from one to four persons, says the New York World.

With the first approach of spring New Yorkers will be seen sailing here and there over the city and its environs or setting out for more distant points. Professor A. Graham Bell and the Aero club have started the fad.

Races are even being talked about between balloons and automobiles, the latter of course to have a reasonable handicap imposed upon them.

Dr. Julian P. Thomas of New York announced recently that he had commissioned Charles Levee, the aeronaut, to procure for him in France a balloon with a capacity of 38,000 cubic feet of gas, capable of carrying four persons, to go therewith all necessary ballast. It will have every equipment for safety.

"We will have our airship by May 1," said Dr. Thomas, "and intend to travel to Boston, Newport, Washington and even to Chicago. I have never been up in a balloon; neither has my wife, but we are both enthusiastic over the prospect. She is naturally a little timid, but really not afraid. I will also offer my airship to Professor Bell and other scientists for experiments."

A. N. Chandler, also of New York, has ordered a balloon to hold 35,000 cubic feet of gas and to carry four persons.

Reward for Murderers.

Minneapolis, April 4.—A reward of \$500 has been offered by Mayor David P. Jones for information leading to the arrest and conviction of the murderers of the six Macedonians whose mangled bodies were found in the little cottage on Tenth avenue south last Wednesday morning.

Food prepared with Calumet Baking Powder is pure and healthful, and is free from Rochelle salts, alum, lime and ammonia. A wonderful powder of unequalled strength.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

ON MOROCCAN REFORMS.

Copies of the Protocol Being Prepared for Signature.

Algiers, April 4.—The protocol of the conference on Moroccan reforms, copies of which are in course of preparation for signature by the delegates on Saturday, is a formidable document of 123 sections.

The opening paragraph sets forth the desire of the powers to assure peace and prosperity to Morocco without violating the three principles of sovereignty of the sultan, integrity of his dominion and commercial equality, at the same time pointing out the methods for procuring the resources necessary to the carrying out of the reforms proposed.

Details follow of the decisions concerning the police, the repression of contraband traffic in arms, the establishment of a state bank, the creation of fresh revenues and the control of customs and public works. The signatory powers undertake to introduce legislation ratifying the engagements of the delegates.

Final ratification of the protocol will occur not later than Dec. 13 at Madrid. The reforms will be effected Dec. 31, 1906. Existing treaties between Morocco and the various powers will retain validity, but in the event of conflict between treaties and the protocol the latter will take precedence.

NATIONAL QUARANTINE BILL.

House Passes the Measure by a Large Majority.

Washington, April 4.—By a vote of 202 to 26 the house during the day passed the national quarantine bill. The bill places the control of all quarantine stations, grounds and anchorages under the secretary of the treasury and directs that he shall establish them at such points on or near the seacoast of the United States as the Mexican border, as in his judgment are best suited to prevent the introduction of yellow fever into this country. The bill further gives the secretary the right to establish a quarantine station at the Dry Tortugas islands and at such other points at or near seacoasts (not to exceed four in the aggregate) as he deems necessary.

The bill also provides that every common carrier engaged in interstate commerce shall receive and carry through any state or territory, passengers, freight and baggage which may have been discharged and properly certified in accordance with the regulations of the public health and marine hospital service, and every person interfering with such carrier or any passenger or any instrumentality of commerce in any such carriage shall be guilty of a misdemeanor and on conviction be punished by a fine of not exceeding \$500 or be imprisoned for a period not exceeding one year, or both.

It provides that this section shall not be construed as giving authority to any person to unload freight in any locality contrary to the lawful regulations.

Out of the above provision grew a whole day's debate, the opposition to the measure coming from divided delegations in the Southern states.

The bill carries an appropriation of \$500,000.

TALKS ON THE RATE BILL.

Senator Long of Kansas Supports the House Measure.

Washington, April 4.—Mr. Long of Kansas spoke in the senate during the day in support of the house railroad rate bill and his speech was taken advantage of by a number of senators to make inquiry concerning the recent conference at the White House, in which the Long amendment was considered, if not originated. The controversy was participated in by Messrs. Foraker, Allison, Aldrich, Bailey and Bacon. Mr. Long assumed complete responsibility for the amendment but both he and Mr. Allison declined to divulge the proceedings of the conference.

Iowa Tuberculosis Hospital.

Des Moines, Ia., April 4.—The state legislature during the day made an appropriation of \$50,000 to begin the erection of a state tuberculosis hospital and the prosecution of a general educational campaign for checking the disease in Iowa.

AN UNEXPECTED MOVE.

Russian Government's Proposal as to The Hague Conference.

Washington, April 4.—Unexpectedly the Russian government during the day made another movement toward the reconvention of The Hague conference when Baron Rosen, the Russian ambassador, presented to Secretary Root a proposal for the reconvention of the conference at The Hague early in the coming summer and indicated that the Netherlands government had assented to the proposal. It had been supposed that, owing to the complexity of the problems involved in the arrangement of even a tentative programme for the conference and the delays caused by the necessity of persuading the Swiss government to make the time and programme for the approaching Red Cross convention conform as far as possible to The Hague project, it would scarcely be possible for the conference to assemble earlier than a late date next fall. There were reasonable objections, however, to such a date and it was intimated that it might be necessary to defer the convention until next year. The matter had been left in large part to the governments of Russia and the Netherlands to adjust.

The fact that they have agreed makes it probable that the other signatory powers to the original Hague convention which have accepted the invitation to attend the next conference will agree to the proposed date, although the short period of time available will make it necessary for some of the powers to do some rapid diplomatic work in order to arrange programmes according to their own desires.

WILL BE HELD AT DULUTH.

Minnesota Republicans to Hold Convention on June 13.

St. Paul, April 4.—The Republican state convention will be held at Duluth this year, and Wednesday, June 13, is the date selected by the state central committee at its meeting during the morning. The average vote on the state ticket will be taken as the basis for representation in the convention. The endorsement of a candidate for United States senator will be included in the call for the convention. The county conventions will be held on June 6, just a week before the convention and the committee recommended that caucuses be held on Saturday, June 2.

All this was decided at a short session ending before noon, and with the exception of the place of the convention it was decided practically without debate or division.

VICTORY FOR DUNNE

POLICY OF CHICAGO'S MAYOR IS SUPPORTED BY VOTERS OF THE WINDY CITY.

ROSE BEATEN AT MILWAUKEE

REPUBLICAN CANDIDATE FOR MAYOR DEFEATS THE PRESIDENT INCUMBENT.

Chicago, April 4.—Under the result of the city election held during the day, in which the question of municipal ownership of the street railways was the vital issue, the city of Chicago can proceed to acquire and control the railways, but cannot operate them. At the same time the voters, while declaring that the city shall not proceed to operate the railroads, declared that as a question of public policy it would be desirable for the city to do so.

Three propositions were submitted to the voters, the first of which was: "Shall the city of Chicago proceed to operate street railways?"

This required 60 per cent of the total vote cast in order to become effective. The total vote cast on the question of municipal ownership was 231,171. Of this number 120,911 were cast in favor of municipal operation of the street railways, and 110,260 against it. In order to become binding the proposition to operate the railways should have received 133,703 votes. It therefore fell short by 17,792 votes.

May Issue Certificates.

The second proposition involved the approval of an ordinance providing for the issue of street railway certificates in amount not to exceed \$75,000,000 for the purchase, ownership and maintenance of the street railways. This was carried by a vote of 110,008 against 106,569. The third question, which was simply on the question of public policy and has no legal effect whatever, was:

"Shall the city council proceed without delay to secure the municipal ownership and operation of the street railways under the Mueller law, instead of granting franchises to private companies?"

This proposition was carried by a vote of 111,862 to 108,925.

Mayor Dunne construed the passage of the \$75,000,000 certificate and public policy proposition as a victory for municipal ownership, but expressed his disappointment over the defeat of the proposition for municipal operation. He said:

"I regret very much that we did not get the necessary majority to enable us to legally operate the street railway lines. But this will not prevent us from again going before the people after we have the street railway lines and asking for the necessary authority to operate. The people will vote for operation with a big majority at the proper time."

Party Lines Ignored.

The election was one of the most interesting to Chicago voters that has been held in many years. Party lines were largely ignored and the eligibility of candidates depended more upon their attitude toward municipal operation of street cars, and high license for saloons than upon their party records.

Of the thirty-five aldermen who were elected during the day Mayor Dunne claims that nineteen are avowed champions of municipal ownership and that he will have less difficulty in passing measures relating to that doctrine through the city council than heretofore.

The faction opposed to municipal ownership declares that it still holds control of the council. Besides municipal ownership high license was an issue in many of the aldermanic contests. March 5 the city council passed an ordinance raising the amount from \$500 to \$1,000.

The liquor interests made a strong fight against every alderman who had voted for the high license measure. Of the fifteen men against whom they put their influence twelve were elected and three defeated. All the nine aldermen up for re-election who voted for the continuance of the \$500 license were elected. There is little danger, however, that the high license will be repealed.
